Minister McIver:

**RE: Drumheller Flood Program - Local Petition**

I'm writing you to make you aware of a petition circulating our Valley which is addressed to you.

As we understand, we believe the petition is requesting answers to these questions:

1. Full disclosure of the flood mitigation plan to the public as a whole including the buyout prices of properties;
2. Whether the tendering process and award of all contracts have been fair and unbiased (including the award of contract to Scott Land and Lease Ltd and darwindurnie consulting corporation and;
3. Whether the grant dollars from federal and provincial governments have been expensed appropriately including those dollars contributed from the municipality's tax payers.

Despite the petition and in the spirit of full transparency, the Town of Drumheller requests that your office commence an immediate review of our program with regards to contracts, finances and the questions put forth in the petition.

Our council is committed to transparency and accountability and welcomes your review.

Sincerely,

Heather Colberg  
Mayor, Town of Drumheller
