## Testimonials

“ The staff at the Badlands Community Facility are beyond helpful. They had very informative information package of all the extras we could add, such as microphones and stages. Behind the hall there are also amazing trees and the river close by where we easily did our family photos. They also went way out of their way to make sure my dad's slide show presentation would work on their big screens and that the music for the ceremony could be heard. This place is an amazing place to hold a wedding. Our day was perfect! ”

- Lisa R.

“ Thank you, Badlands Community Facility, for the wonderful experience for our wedding planning and the wedding day itself! The garden outside beside the Red Deer River was breathtaking. All of our guests loved the rustic feel and the natural beauty of our ceremony! Our reception was transformed from a simple hall to a gold and burgundy feel. Their rental equipment was easy to use! We had the whole venue to ourselves for the whole weekend! ”

- Ingrid M.
