The format of these Specifications is based on "MasterFormat" published jointly by Construction Specifications Canada and The Construction Specifications Institute. This Table of Contents generally reflects the "MasterFormat" division and section arrangement.

Where it is indicated that a division of "MasterFormat" is "Not Used", or where a division heading is omitted entirely, this means only that the division has not been included in the Specification. It does not necessarily mean that the work normally specified in that division is not required.

- .3 Tenders must be received before the bid closing date and time identified on the cover page of the tender (“Closing Date and Time”).
- .4 The official time of receipt shall be determined by the time and date stamp of the Submission Email Address system.
- .5 The Bidder is solely responsible for ensuring that its tender submission is received in its entirety before the tender Closing Date and Time at the Tender Submission Email Address. The Department assumes no responsibility for server availability, incompatibility of programs or files or any other technical problem, issue or delay that prevents the tender submission from being received by, or opened after, the tender Closing Date and Time.
- .6 The Bidder acknowledges, agrees, and assumes all risks, responsibility, and liability associated with using electronic communications and submitting bids electronically, including, without limitation:
 - a) any lack of security;
 - b) any unreliability of delivery;
 - c) the possible loss of confidentiality;
 - d) the receipt of a garbled, corrupted or incomplete bid;
 - e) the incompatibility between the sending and receiving equipment;
 - f) any delay in transmission or receipt of the bid; or
 - g) the potential illegibility of the bid.
- .7 Bidders can acquire copies of the tender documents as set out in Instructions to Bidders clause 15, Availability of Bid Documents.

2. FORMAT OF TENDER SUBMISSION

- .1 A tender submitted by the Bidder shall comply with the following requirements:
 - .1 The tender shall include all pages entitled “Tender Forms” and any attachments thereto in **one** single e-mail with a maximum email size of 25MB.
 - .2 If submissions are larger than 25MB, an email submission with a link to a cloud-based file sharing account is acceptable. It is the responsibility of the contractor to ensure the client can access all files at the time of the deadline, as posted on the cover page. The client will then download all files and documents immediately after the deadline.
 - .3 The email shall include the Tender Number and Bidder Name in the subject title of the email submission.
 - .4 The tender shall be signed and sent in an unprotected Portable Document Format (PDF).

Any required information that is missing, omitted or illegible, any alterations to the text, or any conditions added on or submitted with the Tender Forms, may cause the tender to be declared invalid and rejected.

3. DEPARTMENT NAME CHANGE

- .1 Due to government reorganization, the department’s name has changed. As a result, some specifications, drawings, plans and other documents in this contract may continue to reference Alberta Infrastructure and Transportation, Alberta Infrastructure, or Alberta Transportation and Utilities. Please be advised that any references to Alberta Infrastructure and Transportation, Alberta Infrastructure or Alberta Transportation and Utilities shall mean Alberta Transportation.
- .2 Alberta Transportation Civil Master Works Specification format has been adopted for use with this project. **Where applicable, Town of Drumheller is referred to as “The Owner” herein. References to “the Minister”, “the Department”, or “the Province” shall be read as “the Owner”.**

4. BASIS OF BID – LUMP SUM

- .1 Bids shall be on a lump sum and fixed price basis.
- .2 The unit prices, lump sums and allowances stated in the Schedule of Prices shall form the basis of the bid price.
- .3 Make entries in the Schedule of Prices in figures only. Ensure that figures are legible.
- .4 Where, in the Owner's opinion, there is a question as to the legibility of figures entered by the Bidder, the Owner will make a determination as to legibility. The Owner may, at the Owner's sole discretion, declare as invalid and reject any bid that contains figures which, in the Owner's opinion, are illegible or open to dispute.
- .5 Extensions of unit prices and addition of extended unit prices, lump sums and allowances entered in the Schedule of Prices will be checked by the Owner. If arithmetical errors are discovered, the unit prices shall be considered as representing the Bidder's intentions and the unit price extensions and the total amount entered in the Schedule of Prices and the Bid Form will be corrected by the Owner. The Bidder shall be bound to such corrected amounts.
- .6 If no unit price is stated for an item, but an extended amount is stated, a unit price determined by dividing the extended amount by the estimated quantity shall be considered as representing the Bidder's intentions.
- .7 The total amount of the bid shall be the arithmetically correct sum of the arithmetically correct unit price extensions, lump sums and allowances in the Schedule of Prices.
- .8 Prices must not exceed two decimal places. If a submitted unit price contains prices exceeding two decimal places, the Owner will round to the nearest two decimal places with .005 being rounded upwards. Bidders will be bound to such rounded amounts.
- .9 Each unit price stated in the Schedule of Prices shall be a reasonable price for that item of work.
- .10 Unless otherwise indicated, quantities specified in the Schedule of Prices are estimated quantities and shall not be considered as actual quantities of work to be performed. Subject to Contract terms, unit prices stated in the Schedule of Prices shall be applied to actual quantities of work performed as measured in accordance with the Contract.

5. SUFFICIENCY OF BID

- .1 The submission of a bid shall constitute an incontrovertible representation by the Bidder that:
 - .1 the Bidder has complied with all bidding requirements,
 - .2 the Bidder is qualified and experienced to perform the Work in accordance with the Bid Documents,
 - .3 the bid is based upon performing the Work in accordance with the Bid Documents, without exception, and

9. **BID MODIFICATION**

- .1 A Bidder wishing to make changes to its tender before the time set for receiving tenders may withdraw the tender submission and the modified tender may then be resubmitted in compliance with Instructions to Bidders Section 1, Bid Submission, up to the bid Closing Date and Time. Bidders are advised that requests for withdrawal of tender submissions must comply with Instructions to Bidders Section 12, Bid Withdrawal and Acceptance.
- .2 If the changes to its tender are only an amendment to the unit price schedule, the Bidder may send a completed copy of the "TENDER AMENDMENT FORM" included in the tender document to the email address as shown on the Tender Amendment Form. The email subject title shall contain the following:

Tender No. 2023-042 – Tender Amendment – Name of Bidder

- .3 To be acceptable, the form must be completed in full including the legal name of the Bidder and the changes to be made, and it must be signed by an authorized officer of the Bidder and received before the tender Closing Date and Time in accordance with the Instructions to Bidders Section 1, Bid Submission. The form must also be submitted in an unprotected portable document format (PDF).
- .4 The Bidder is responsible for ensuring its modifications are received before the time fixed for receiving tenders and are legible, clear as to the intent, unambiguous, and comply with the terms of the tender document. Failure of the Bidder to do the foregoing will render these modifications null and void. The Owner assumes no responsibility or liability for the content of modifications, or for modifications that are, for any reason, delayed, illegible, unclear as to intent, ambiguous, contrary to these instructions, or otherwise improperly received. The Owner, at its sole discretion, may reject modifications in accordance with the terms of the Tender Amendment Form or may reject the tender in accordance with the Instructions to Bidders Section 13, Irregularities.
- .5 Prices must not exceed two decimal places. If a submitted unit price schedule change contains prices exceeding two decimal places, the Owner will round to the nearest two decimal places with .005 being rounded upwards. Bidders will be bound to such rounded amounts.
- .6 The "Tender Amendment Form", if applicable, must be completed by identifying only the changes required, as follows:
 - .1 Estimated Quantity Changes

- .1 For bid items where the unit price is fixed and the Bidder is required to provide an estimated quantity (for example site occupancy), show the amount of the increase or decrease of the quantity in the “Estimated Quantity Changes + or -” column and the total value of the change in the “Net Change to Total Bid + or -” column. Use the unit price as it appears in the unit price schedule as the unit price in the Tender Amendment Form.
 - .2 In case of discrepancy, the estimated quantity figure in the “Estimated Quantity Changes + or -” column will take precedence over the amount in “Net Change to Total Bid + or -” column, and the unit price in the unit price schedule will take precedence over the unit price in the Tender Amendment Form;
- .2 Unit Price Changes
- .1 For bid items where the Bidder is required to provide a unit price, show the amount of the change to the unit price in the “Unit Price Changes + or -” column, and the total for each change in the “Net Change to Total Bid + or -” column. Use the estimated quantity as it appears in the unit price schedule as the estimated quantity in the Tender Amendment Form.
 - .2 In case of discrepancy, the change to the unit price figure in the “Unit Price Changes + or -” column will take precedence over the total change in the “Net Change to Total Bid” column;
- .3 Lump Sum Changes
- .1 For bid items where the Bidder is required to provide a lump sum, leave a blank space in the “Unit Price Changes + or -” column, and enter the amount of the lump sum change in the “Net Change to Total Bid + or -” column; and
- .4 Net Change to Total Bid
- .1 Show the sum of all items in the “Net Change to Total Bid + or -” column in the space after “Increase (+) or Reduce (-) Total Tender By”.
- .7 If arithmetical errors are discovered, the changed estimated quantities or unit prices, as applicable, will be considered as representing the Bidder's intentions; and the net change to total bid price extensions and the change to total tender amount entered in the Tender Amendment Form will be corrected accordingly by the Owner. The Bidder will be bound to such corrected amounts.

10. BID WITHDRAWAL AND ACCEPTANCE

- .1 A Bidder may withdraw its tender by submitting a request in writing signed by an authorized officer of the Bidder. Such request may be in the form of an e-mail. The request must be received in accordance with clause 1, Bid Submission, prior to the tender Closing Date and Time. A bid may not be withdrawn at or after the tender Closing Date and Time and shall be open to acceptance by the Owner until:
 - .1 some other Bidder has entered into a contract with the Owner for the Work specified in these tender documents and provided the required security and evidence of insurance coverage in accordance with Section 00612, Contract Performance Security, Section 00616, Security for Payment of Claims, and Section 00625, Insurance Conditions, which must be satisfactory to the Owner and in compliance with clause 7 of Section 00425, Unit Price Bid Form, or
 - .2 thirty-five (35) calendar days after the time fixed for receiving tenders unless the Owner has notified the bidder that they are the successful bidder;
 whichever occurs first.
- .2 The 35 day period referred to above will commence at 11:59:00 p.m. of the date of the bid closing and will terminate at 11:59:00 p.m. of the 35th day thereafter. If the 35th day falls on a weekend or statutory holiday, such day(s), and any subsequent contiguous holidays, will be omitted from the computation.
- .3 The 35 day acceptance period referred to above may be extended at the Owner's request and subject to the Bidder's written agreement to the extension.
- .4 The Owner will review each bid and evaluate bids based on information provided by each bidder. Points awarded will be at the sole discretion of the Owner. Points awarded will be confidential and no details will be released to any of the other bidders. The Owner will use the following criteria and scoring system to assist in evaluating the bids. Receiving the highest score will not guarantee that the corresponding bidder is awarded the contract, ultimately the Owner will make the final decision when selecting the successful bidder.

CRITERION DESCRIPTION	SCORE
Subcontractor Info	10
Local Content	20
Previous Project Experience	20
Bid Price	50
TOTAL POINTS	100

- .5 The Owner may consider other criteria that it identifies as relevant during the evaluation process provided that any criteria considered will be applied evenly and fairly to all bidders that are eligible for evaluation.
- .6 The lowest Bid Price will score the maximum points available for the Bid Price criteria. The second and other Bidder prices will be weighed against the lowest Bid Price based on the following formula:

$$Points\ for\ Bidder(N) = (Lowest\ Price / Bidder(n)\ Price) \times 50$$

Examples of scoring:

<i>Proponent Bids</i>	<i>Calculation</i>	<i>Points</i>
\$3,000,000	$(3M / 3M) \times 50$	50
\$3,500,000	$(3M / 3.5M) \times 50$	42.9
\$4,250,000	$(3M / 4.25M) \times 50$	35.3
\$5,600,000	$(3M / 5.6M) \times 50$	26.8

- .7 The Owner may negotiate contract terms with the Bidder submitting the top score, provided that the negotiated changes to the Bid Documents result in either no change to the bid price or a reduced bid price. Such changes may be formalized in the form of a post-bid addendum that, upon written acceptance by the Bidder, will form part of the Contract Documents.
- .8 Contracts will not be awarded to any government agency including but not limited to the government of Canada, the government of a province or territory of Canada, any agency thereof, or any municipality or other unit of local government within any province or territory of Canada.
- .9 "Government Agency" means a branch, unit, subsidiary or other form of entity, owned or controlled by a government agency and includes any subsidiaries or entities owned or controlled by that agency.
- .10 Contracts will only be awarded to Bidders registered with Service Alberta, Corporate Registry.
- .11 Only one tender per Bidder will be considered. Reasonable grounds for believing that any Bidder is interested in more than one tender for the Work, in the capacity of the Contractor, may cause the rejection of all tenders in which such Bidder is interested.
- .12 Any or all tenders will be rejected if there is reason to believe that collusion exists among the Bidders, and none of the participants in such collusion will be considered in future tenders.
- .13 The lowest priced compliant bidder may be required to supply evidence of experience, equipment, ability and financial capability before the Contract is executed. Lack of any of these will be considered sufficient cause for rejecting the tender.

11. IRREGULARITIES

- .1 Submitted tenders must substantially comply with the requirements of the tender documents. Bidders are advised to pay careful attention to the wording used throughout the tender documents. Failure to satisfy any term, condition or mandatory requirement may result in rejection of the Bidder's tender. Further, in submitting a tender, the Bidder understands and acknowledges that ambiguous, unclear, unreadable, or qualified tenders may be rejected.
- .2 The Owner may waive an irregularity with the requirements of the tender documents where the irregularity is minor or inconsequential. The determination of what is or is not a minor or inconsequential irregularity, and the determination of whether to waive or not waive the irregularity is at the Owner's sole discretion.

12. TENDER DATE CHANGES AND CANCELLING OF TENDERS

- .1 The Owner may extend the date and time for receiving tenders, or the Owner may amend, suspend, postpone or cancel this tender at any time.

13. SAFETY PREQUALIFICATION

- .1 As a precondition to contract award, the Bidder must have a valid Certificate of Recognition (COR) or a valid Temporary Letter of Certification (TLC) for a standard COR, or a COR Equivalency Letter (COREL) for out of province bidders, as issued by the Alberta Construction Safety Association (ACSA) or another certifying organization authorized by Alberta Ministry of Labour to issue CORs.
- .2 Bidders may be required to submit evidence of safety qualifications by the earlier of:
 - .1 The date that the Owner may request in writing, or
 - .2 Seven days before expiry of the tender acceptance period.
- .3 The Owner will confirm that the Bidder possesses a COR or valid TLC or COREL through the Alberta Construction Safety Association.
- .4 Bidders are advised that a small employers' certificate of recognition (SECOR) (for employers with less than 10 employees) is not acceptable.
- .5 It is the Bidder's responsibility to ensure its registration in the program is properly documented with the issuing certifying partner. The Owner will assume no liability for errors or omissions in this regard.
- .6 The Bidder must maintain a valid registration throughout the course of the Contract.
- .7 Prospective Bidders who do not possess a COR, and wish to obtain information about obtaining a COR, TLC or COREL are advised to contact:

1. CONTRACT INFORMATION DOCUMENTS

- .1 Contract Information Documents listed in clause 4.1 are incorporated into the Contract.
- .2 The Bidder is entitled to rely upon the factual information or factual data contained in Contract Information Documents, or parts thereof, which have been obtained principally for the purposes of study and design and are believed to be correct, within normal limits inherent in gathering such information and data, but the Bidder shall draw its own conclusions from such factual information or factual data and shall not rely on opinions or interpretations contained therein.
- .3 Contract Information Documents shall not be considered a representation or warranty that information contained therein is complete or appropriate for construction.
- .4 Information contained in Contract Information Documents may be time sensitive and dates and times shall be considered when interpreting such information.
- .5 The Bidder is encouraged to obtain specialist advice with respect to Contract Information Documents. The Owner assumes no responsibility for such interpretations and conclusions.
- .6 Some information included as Contract Information Documents, such as historical records, weather data, etc., have been prepared by persons other than the Owner. Use of any Contract Information Document shall be only for the purpose of the construction contract with which it is provided.

2. INFORMATION PREPARED FOR THE OWNER

- .1 When reading the Contract Information Documents consider the following in planning and implementing construction methods and procedures. Field investigations, laboratory testing, classifying and logging, are performed principally for the purposes of study and design. Unless otherwise noted, information prepared by, or for, the Owner is prepared in accordance with generally accepted professional practices with consideration for the type of information needed, current practices, the location of the work, and the date and time, etc. when the information is prepared.
- .2 Soils and Bedrock Information
 - .1 Investigations are carried out for the purpose intended at the time of the investigation. Samples of soils and bedrock are recovered from drillholes, test pits, or other exploration methods. Samples are identified and classified and the data recorded. Samples taken may not be continuous and extrapolation may be used to complete the information. The data are true only for the sample and its unique location. Classification of soils and bedrock is subjective and is based on observations and laboratory testing.
 - .2 Classification of soils follows the Modified Unified Soil Classification system, unless noted otherwise. Classification of bedrock follows normally accepted geologic practice.

- .3 The nature and thickness of the material between adjacent soils or bedrock zones may be a blend of the classified materials. Consequently, the location of the horizon between one zone and another may vary between excavations, or with logs prepared by another person. Different exploration methods may also give variations in the information. The foregoing is also true for bedrock investigations and logging.
 - .4 Stratigraphic drawings show extrapolation of testhole information between testhole locations. The extrapolations are subject to the variations associated with them therefore, actual conditions may differ from that shown on stratigraphic drawings.
 - .5 Soils and bedrock properties can change rapidly after exposure to elements such as air, frost, and moisture. Soils and bedrock properties can change with changes in moisture content, which may vary over time. Recorded conditions may vary after the date of investigation.
- .3 Laboratory Testing
- .1 Laboratory testing used for classifying soils and bedrock follows industry standards, unless otherwise noted. Recorded test results show some, but not necessarily all, properties of the soils or bedrock material. The sample tested may contain some, but not necessarily all, of the properties of the soils or bedrock adjacent to the location from which the sample was taken.
- .4 Groundwater Information
- .1 Groundwater elevations and other groundwater information are based on observations made at the time of the investigations. Daily and seasonal fluctuations may occur due to climatic and other effects. Variations between testing locations may exist due to meteorological conditions, reservoir, lake, and river conditions.
- .5 Construction Activity
- .1 Construction activity can alter the in situ ground conditions. The influence of all construction activities on the geologic environment should be considered.

3. OTHER INFORMATION DOCUMENTS

- .1 Other Information Documents means information documents not listed in clause 4.1 herein, and are not part of the Contract Documents.
- .2 The Bidder is not entitled to rely upon the factual information or factual data in any Other Information Documents, nor any opinions or interpretations contained therein. Other Information Documents shall not be considered accurate, complete, or appropriate.
- .3 Other Information Documents are made available to the Bidder for the purpose of providing the Bidder with access to the information available to the Owner.

- 4.5 If, after receipt of a progress payment from the Owner, the Contractor disagrees with the amount of such payment, such amount shall nevertheless be considered to be correct unless the Contractor, within 7 days after such receipt, notifies the Owner of the respects in which such payment is claimed by him to be incorrect. On receipt of such notice, the Owner shall review the amount of the payment and either confirm or vary it. If the Owner varies the payment, such variance shall be added to the next progress payment.
- 4.6 Notwithstanding the terms of this clause or any other clause of the Contract no amount shall be paid by the Owner until the contract security and proof of insurance, if required under the Contract, have been provided by the Contractor.

5. HOLDBACK

 - .1 an amount equal to twice the Owner's estimate of the cost to the Owner of remedying any defects described in the certificate of Substantial Performance of the Work, and
 - .2 an amount equal to the Owner's estimate of the cost to the Owner of completing any outstanding work described in the certificate of Substantial Performance of the Work.
- 5.4 If the Owner withholds a portion of the retained holdback pursuant to clause 5.3, the Owner shall, at such reasonable times and intervals as the Owner may

determine, pay to the Contractor the balance of the retained holdback, as and when the cause or causes for the withholding are removed.

- 5.5 When a certificate of Substantial Performance for part of the Work has been issued by the Owner, the provisions of clause 5.2 shall apply proportionately to such part of the Work.

6. PAYMENT AFTER SUBSTANTIAL PERFORMANCE

- 6.1 After Substantial Performance of the Work, the Owner shall make periodic payments to the Contractor on the same basis and conditions as specified in clause 4, except that such payments:

- 7.4 The Owner shall, within 42 days after the final statement is issued to the Contractor, pay the Contractor the final amount.
- 7.5 If the final statement is considered by the Contractor to be incorrect, the Contractor shall, within 63 days of receipt thereof, submit to the Owner a notice of claim, including substantiation, notwithstanding the time provisions of clause 10. of the General Conditions
- 7.6 If the Owner does not receive a notice of claim pursuant to clause 7.5 within the time specified, the final statement shall be considered correct.
- 7.7 The final payment shall represent full and final settlement of all monies due to the Contractor pursuant to the Contract except with respect to unresolved claims, if any.

8. OWNER'S LIABILITY

- 8.1 .1 After the final payment issued pursuant to clause 7.4 has been made, the Owner shall not be liable to the Contractor for any matter or thing arising out of or in connection with the Contract, except as may be provided elsewhere in the Contract, unless the Contractor shall have made a claim in respect thereof prior to or within the time specified in clause 7.5.

9. DELAY IN MAKING PAYMENT

- 9.1 In respect of progress payments, payment after Substantial Performance of the Work, payment of holdback, and final payment, the Owner shall pay the Contractor an amount that the Owner considers to be due to the Contractor, pursuant to the Contract, within the time specified.

10. RIGHT OF SET-OFF

- 10.1 Without limiting any right of set-off, deduction or recovery given or implied by law or elsewhere in the Contract, the Owner may set off any amount payable to the Owner by the Contractor, or recoverable from the Contractor by the Owner, under the Contract or under any other current contract against any amount payable to the Contractor under this Contract.
- 10.2 For the purposes of these Payment Conditions, "other current contract" means a contract between the Owner and the Contractor under which the Contractor has an undischarged obligation to perform or supply work, labour, or material, or in respect of which the Owner has, since the date of execution of the contract agreement, exercised any right to take the work that is the subject of the contract out of the Contractor's hands.

11. DEDUCTIONS FROM PAYMENTS

- 11.1 The Owner may deduct from any amount claimed by or payable to the Contractor:
- .1 an amount at least equal to the value, as determined by the Owner, of work not in accordance with Contract Documents,
 - .2 the amount of any unresolved third party claim submitted pursuant to the Public Works Act or applicable requirements of the Contract,
 - .3 the amount of any unpaid and overdue statutory account related to the Contract and of which the Owner has received notice and which is enforceable against the Owner,
 - .4 the amount of any overpayment made by the Owner to the Contractor, and
 - .5 any other amount recoverable by the Owner from the Contractor under the Contract.

12. WITHHOLDING OF PAYMENT

 - .2 failure to ensure that Subcontractors make payments properly to Sub-subcontractors or for labour, materials or equipment,
 - .3 inability to complete the Work within the Contract Time,
 - .4 inability to complete the Work for the unpaid balance of the Contract Price,
 - .5 persistent failure to perform the Work in accordance with the Contract Documents.
- 12.2 Owner may withhold all or part of any amount payable to Contractor due to Contractor's persistent failure to provide submittals in accordance with the Contract Documents.
- 12.3 When the causes for withholding payment pursuant to clauses 12.1 or 12.2 are removed to the Owner's satisfaction, the Owner shall pay the Contractor the amount previously due and payable with the next progress payment.

13. TITLE TO AND ACCEPTANCE OF WORK

- 13.1 The Contractor warrants that title to work and Products covered by any payment made by the Owner to the Contractor will pass to the Owner, at the time of payment, free and clear of all claims, interests and encumbrances.
- 13.2 The Contractor further warrants that Products stored at the Site and for which payment has been received, shall not be removed from the Site and shall be kept secure and protected.
- 13.3 Payments made by the Owner shall not be construed as an acceptance that the Work, Products, or any part thereof is complete, is satisfactory or is in accordance with the Contract Documents.

- .3 If the Owner requires a change from a proposed Subcontractor, the Contract Price shall be adjusted by any difference in cost and markup occasioned by such required change, except where such change is required due to the Contractor's default or negligence, in which case there shall be no change in the Contract Price.
- .4 The Owner may, upon reasonable request and at his discretion, provide to a Subcontractor information as to the percentage or quantity of the Subcontractor's work for which payment has been approved.
- .5 Nothing contained in the Contract shall create a contractual relationship between a Subcontractor and the Owner and subcontracting part of the Work shall not relieve the Contractor from any liability or obligation under the Contract and he shall be responsible for the acts, defaults and neglects of any Subcontractor, his agents, servants or workers as fully as if they were his own.

- .1 The Contractor shall notify the Owner when planning or execution of the Work is likely to be delayed or disrupted unless any further document or instruction required of the Owner under the Contract is issued by the Owner within a reasonable time. The notice shall include details of the document or instruction required and of why and by when it is required and of any delay or disruption likely to be suffered if it is late.
- .2 If, by reason of any failure or inability of the Owner to issue, within a reasonable time, any document or instruction for which notice has been given by the Contractor in accordance with clause 3.3.1, the Contractor suffers delay or incurs costs then the Owner shall determine:
 - .1 any extension of time to which the Contractor is entitled under clause 6.4, and
 - .2 the amount of such costs, which shall be added to the Contract Price.
- .3 If the failure or inability of the Owner to issue any documents or instruction is caused in whole or in

part by the failure of the Contractor to submit documents which he is required to submit under the Contract, the Owner shall take such failure by the Contractor into account when making his determination pursuant to clause 3.3.2.

3.4 Additional Instructions: The Owner shall have authority to issue to the Contractor, from time to time, such Additional Instructions as may be necessary for the proper performance of the Work. The Contractor shall carry out and be bound by such Additional Instructions.

On receipt of such interim details, the Owner may make an interim determination of extension of time and, on receipt of the final details, the Owner shall review all the circumstances and may determine an overall extension of time in regard to the event. No final review shall result in a decrease of any extension of time already determined by the Owner. The Owner may determine an extension of the Contract Time notwithstanding that the Contract Time may have passed without being extended.

6.7 Rate of Progress: If for any reason, which does not entitle the Contractor to an extension of time, the rate of progress of the Work or any part is at any time, in the opinion of the Owner, too slow to comply with the Contract Time, or Milestone Dates, the Owner may notify the Contractor who shall immediately take such steps as are necessary, subject to the consent of the Owner, to expedite progress so as to comply with the Contract Time or Milestone Dates. The Contractor shall not be entitled to any additional payment for taking such steps. If any steps, taken by the Contractor in meeting his obligations under this clause, involve the Owner in additional costs, such costs shall be determined by the Owner and shall be recoverable from the Contractor by the Owner.

- .1 When the whole of the Work has been substantially performed and any pre-requisites to Substantial Performance of the Work prescribed by the Contract have been met, the Contractor may so notify the Owner, accompanied by a written undertaking to finish without delay any outstanding work during the warranty period. Such notice and undertaking shall be deemed to be a request by the Contractor for the Owner to issue a certificate of Substantial Performance of the Work.
- .2 The Owner shall, within 21 days after the date of delivery of the notice referred to in clause 6.8.1, either issue to the Contractor, a certificate, stating the date on which, in his opinion, the Work was substantially performed in accordance with the Contract, or give instructions in writing to the Contractor specifying all the work which, in the Owner's opinion, is required to be done by the Contractor before the issue of such certificate. The Owner shall also notify the Contractor of any defects in the Work affecting substantial performance that may appear after such instructions and before completion of the Work specified therein. The Contractor shall be entitled to receive such certificate within 21 days after completion, to the satisfaction of the Owner, of the Work so specified and remedying all defects so notified. The Owner may specify the date for Total Performance of the Work in such certificate.

- .1 In accordance with the procedure set out in clause 6.8, the Contractor may request and the Owner may issue a certificate of Substantial Performance in respect of any substantial part of the Permanent Work which has been substantially completed and which has been or will be occupied or used by the Owner or an Other Contractor prior to Substantial Performance of the Work as a whole, whether or not such prior occupation or use is provided for in the Contract.

6.10 Total Performance of the Work

- .1 When the whole of the Work has been totally performed and any pre-requisites to Total Performance of the Work prescribed by the Contract have been met, the Contractor may so notify the Owner. Such notice shall be deemed to be a request by the Contractor for the Owner to issue a certificate of Total Performance of the Work.

- .2 Work referred to in clause 7.3.1 shall be executed by the Contractor at his own cost if the necessity thereof is, in the opinion of the Owner, due to:
 - .1 defects in Products or workmanship, or defects in design for which the Contractor is responsible,
 - .2 the neglect or failure on the part of the Contractor to comply with any obligation expressed or implied on the Contractor's part under the Contract.

If, in the opinion of the Owner, such necessity is due to any other cause, he may determine an addition to the Contract Price in accordance with clause 8.

- 7.4 **Contractor's Failure to Carry Out Instructions:** If the Contractor defaults in carrying out instructions issued pursuant to clause 7.2 or 7.3, the Owner may employ other persons or contract with other firms or corporations to carry out the same. - 7.5 **Contractor to Search:** If any defect in the Work appears at any time prior to the end of the warranty period, the Owner may instruct the Contractor to search for the cause thereof. If such defect is one for which the Contractor is liable, the cost of the work carried out in searching shall be borne by the Contractor and he shall in such case remedy such defect at his own cost in accordance with the provisions of clauses 7.3 and 7.4. If such defect is one for which the Contractor is not liable under the Contract, the Owner shall determine the amount of the costs of such search incurred by the Contractor, which shall be added to the Contract Price.

8.2 Instructions For Changes in the Work

- .1 The Contractor shall not make any changes in the Work without a written instruction from the Owner.
- .2 No instruction shall be required for:
 - .1 an increase or decrease in the quantity of any work where such increase or decrease is not the result of an instruction given under this clause, but is the result of quantities exceeding or being less than those stated in the Schedule of Prices, and
 - .2 a change or adjustment in lines, levels, grades or elevations when such change or adjustment is already provided for in the Contract.

8.3 Valuation of Changes in the Work

- .1 Changes referred to in clause 8.1 and any changes to the Contract Price which are required to be determined in accordance with this clause (for the purposes of this clause referred to as "changed work"), shall be valued, at the Owner's option,:
 - .1 at the rates and prices set out in the Contract if, in the opinion of the Owner, these are applicable, or
 - .2 if the rates and prices set out in the Contract are not applicable to the changed work, at rates and prices deduced or extrapolated from such rates and prices, or
 - .3 by acceptance by the Owner of rates and prices submitted by the Contractor or other rates and prices as may be agreed by negotiation, or
 - .4 by acceptance by the Owner of a lump sum quotation submitted by the Contractor or other lump sum as may be agreed by negotiation, or
 - .5 as Cost Plus Work in accordance with the provisions of Section 00630 - Payment Conditions.
- .2 If there is disagreement on the value of changed work, the Owner shall fix such rates or prices as are, in his opinion, appropriate and shall notify the Contractor accordingly. Until such time as rates or prices are agreed or fixed, the Owner shall determine provisional rates or prices to enable on-account payments to be made in accordance with the payment conditions of the Contract.

8.4 Impact of Changes in the Work

- .1 If in the opinion of the Owner or the Contractor the nature or amount of any changed work relative to the nature or amount of the whole of the Work or to any part thereof, is such that the rate or price contained in the Contract for any item of the Work is, by reason of such changed work, rendered inappropriate or inapplicable, then, after due consultation by the Owner with the Contractor, a suitable rate or price may be agreed upon between the Owner and the Contractor.
- .2 If there is disagreement on the rates or prices referred to in clause 8.4.1 the Owner shall fix such rate or price as is, in his opinion, appropriate and shall notify the Contractor. Until such time as rates or prices are agreed or fixed, the Owner shall determine provisional rates or prices to enable on-account payments to be made in accordance with the payment conditions of the Contract.

8.5 Quantity Variations

- .1 Except for items of Work, if any, for which the applicability of this clause 8.5 has been specifically excluded elsewhere in the Contract, the Owner and the Contractor may agree to adjust a rate or price contained in the Contract:
 - .1 if the actual quantity of work executed under the item exceeds or falls short of the estimated quantity specified in the Schedule of Prices by more than 15%; and
 - .2 if there is no off-setting adjustment with respect to the quantity of any other item of work; and
 - .3 if, based on the actual quantity of work executed and the rate or price contained in the Schedule of Prices, the extended amount of the item exceeds 15% of the original Contract Price; and
 - .4 if the Contractor believes that he has incurred significant additional expense as a result thereof or the Owner believes that the quantity variation entitles the Owner to an adjustment in the rate or price.
- .2 An adjusted rate or price made pursuant to clause 8.5.1, where the actual quantity of work executed under the item exceeds the estimated quantity specified in the Schedule of Prices by more than 15%, shall apply only to the quantity that is in excess of 115%.
- .3 An adjusted rate or price made pursuant to clause 8.5.1, where the actual quantity of work executed under the item falls short of the quantity specified in the Schedule of Prices by more than 15%, shall not exceed the rate or price that would cause the total amount paid for the item to exceed 85% of the product of the original rate or price contained in the Schedule of Prices multiplied by the estimated quantity specified in the Schedule of Prices.

9. CHANGES IN COST AND REGULATORY REQUIREMENTS

- 9.1 **Increase or Decrease in Cost:** Subject to clause 9.2, the Contract Price shall not be subject to any adjustment in respect of rise or fall in the cost of labour, Products or any other matters affecting the cost of execution of the Contract, except where specified otherwise in the Contract Documents.
- 9.2 **Changes in Regulatory Requirements**
 - .1 If, after the latest date for submission of Bids for the Contract, there is a change to any Regulatory Requirement, or a new Regulatory Requirement is introduced, which causes additional or reduced cost to the Contractor in the execution of the Contract, such additional or reduced cost shall be determined by the Owner and shall be added to or deducted from the Contract Price.
 - .2 When a Regulatory Requirement is changed or introduced during the period of time referred to in clause 9.2.1 but public notice thereof has been given by the applicable authority before the commencement of such period of time, the change or introduction shall be deemed to have occurred before the commencement of such period of time.

10. CLAIMS REVIEW PROCESS AND DISPUTE RESOLUTION PROCEDURE

10.1 General

- .1 Any claims or demands by the Contractor, arising out of alleged errors, omissions or misrepresentations in the Contract Documents or arising out of acts or omissions of the Owner's assistants or the Owner's assistants' directors, officers, employees, agents or sub-contractors, in relation to the carrying out of the Work, are to be made only to, or against, the Owner. The Contractor waives any right to commence or carry on such claims or demands against any person other than the Owner.
- .2 Unless otherwise agreed to in writing between the Owner and the Contractor, all disputes in respect of the application or interpretation of any provision of the Contract shall be determined in accordance with the Dispute Resolution Procedure (as defined in clause 10.3). Either party may at any time by notice to the other refer any question in respect of the application or interpretation of any provision of this Agreement to the Dispute Resolution Procedure. In the case of a Claim (as defined in clause 10.2), the Contractor shall follow the Claims Review Process for Contractor Claims (as set out in clause 10.2).
- .3 The Contractor is hereby warned that under applicable laws there may be certain things that have to be done by certain times, otherwise the Contractor may lose its legal right to make, or continue with making, a claim against the Owner.

10.2 Claims Review Process for Contractor Claims: The review of the contractor's claim is subject to the following process:

- .1 If a circumstance arises between the Owner and the Contractor, in connection with or arising out of the

Contract or the carrying out of the Work, which the Contractor believes requires a change in payment or compensation under the Contract or a change in the time required to complete the Contract, such situation is considered a claim (the "**Claim**").

- .2 As soon as the Contractor becomes aware of the Claim, the Contractor shall immediately begin to keep separate daily work records relating to the Claim. The records may include, but are not limited to, accurate quantity measurements, quality reports, actual direct costs, and actual indirect costs. The Contractor shall provide copies of such records in the manner and at the times requested by the Owner.
- .3 Notice of claim
 - .1 Where the Contractor considers that there is a Claim, the Contractor shall send a notice of the Claim (the "**Notice of Claim**") to the Owner's Representative (as set out in the Contract).
 - .2 The Notice of Claim must be provided as soon as reasonably possible after the occurrence of the circumstance giving rise to the Claim, and not later than seven days after the occurrence of the circumstance or the Contractor becoming aware of the circumstance. It is imperative that the Contractor provide such notice in such manner and if the Contractor fails to provide such notice in such manner, the Owner may assert a claim for damages arising from such failure.
 - .3 The Notice of Claim shall be in such written form as directed in writing by the Owner or be in writing and expressly referring to this clause 10.2.3.3 and shall set out details about the Claim, including but not limited to:
 - .1 the Contract number;
 - .2 the Contract description;
 - .3 Notice of Claim number;
 - .4 identification of any documents or particulars that support the Claim (including any written or oral communications related to the Claim);
 - .5 detailed description of the substance of the Claim with dates, locations, incurred/projected direct costs (labour, material, equipment, etc.), incurred/projected indirect costs and any other items relevant to the Claim;
 - .6 relevant provisions of the Contract which support the Claim and the reasons why such provisions support the Claim;
 - .7 identify whether there is any impact on a critical path that will impact the construction schedule (as set out in the contract) thereby resulting in extension of the Contract Time (as defined in the contract);
 - .8 any other information that may be helpful for reviewing the Claim; and
 - .9 any proposals on ways to mitigate the impact of the Claim.
 - .4 In order for there to be an efficient and effective understanding of the Claim by the Owner, it is incumbent on the Contractor to provide all the necessary information reasonably needed by the Owner in order to understand the Claim and to provide all the necessary information in an organized, concise, and logical manner.
- .5 Notwithstanding a Notice of Claim has been provided to the Owner, the Work must proceed or continue without delay.
- .4 Owner Acknowledgement of the Notice of Claim
 - .1 Upon receipt of the Notice of Claim, the Owner shall provide a written acknowledgement to the Contractor and within seven days of the receipt of the Notice of Claim arrange a tri-party meeting of the Owner's representative, the Contractor and the Owner's assistant. The details of the Claim will be discussed at the tri-party meeting.
- .5 Ongoing effect
 - .1 If the circumstance giving rise to the Claim has a continuing effect, then the Contractor shall submit to the Owner such further information at such intervals as may be reasonably required by the Owner.
- .6 Review of the Claim
 - .1 If the Contractor wishes to have the Owner review the Claim, the Contractor shall send a written notice to the Owner's Representative (as set out in the Contract) no later than 28 days after submitting the Notice of Claim, expressly referring to this clause 10.2.3.6 and requesting the Owner to review the Claim (the "**Level 1 Notice**").
 - .2 Failure by the Contractor to provide the Level 1 Notice in such manner shall be deemed by the Owner to be an abandonment of the Claims Review Process for Contractor Claims (as set out in clause 10.2), unless otherwise agreed to in writing by the Owner.
 - .3 The parties will make bona fide efforts to review the Claim but the Work must proceed or continue without delay during the following process to review the Claim.
 - .4 Level 1 Review by the Owner's Representative
 - .1 within 14 days of the receipt of the Level 1 Notice, the Level 1 reviewer will provide a written acknowledgement of receipt of the Level 1 Notice to the Contractor;
 - .2 the Level 1 reviewer shall commence review of the claim as soon as possible and will meet with the Contractor within a period of 30 days from the receipt of the Level 1 Notice. During this meeting, the Level 1 reviewer and the Contractor will start the process of negotiating and entering into a claim review process agreement for the Claim (the "**CRP Agreement**") addressing the schedule for the review, the process for the review (including participants), the date for providing the Level 1 reviewer's decision;
 - .3 the Contractor shall provide any additional information as set out in the CRP

Agreement and as may be further required by the Level 1 reviewer;

- .4 the Level 1 reviewer shall provide the Contractor with the Level 1 reviewer's decision (the "**Level 1 Decision**") by the date set out in the CRP Agreement;
- .5 if the Contractor is not satisfied with the Level 1 Decision, the Contractor may submit the Claim to the Dispute Resolution Procedure set out in clause 10.3.
- .5 The review of the Claim shall end no later than 12 months after the occurrence of the circumstance giving rise to the Claim. If the review of the Claim has not been completed within 12 months after the occurrence of the circumstance giving rise to the Claim, for any reason whatsoever including the inability of the parties to agree on a CRP Agreement, the Claim shall be deemed to have been unequivocally denied by the Owner and the Contractor may submit the Claim to the Dispute Resolution Procedure set out in clause 10.3.

10.3 Dispute Resolution Procedure:

- .1 Any Claim that has not been resolved by the Claims Review Process for Contractor Claims (as set out in clause 10.2), or any disagreement or other dispute in respect of the application or interpretation of any provision of the Contract (the "**Dispute**"), will be resolved in accordance with the dispute resolution procedure set out in this clause 10.3 (the "**Dispute Resolution Procedure**"):
 - .1 the Dispute Resolution Procedure shall be started by delivery of a notice (the "Dispute Notice") in writing and expressly referring to this clause 10.3, from one party to the other party providing details of a Dispute and invoking the Dispute Resolution Procedure in respect of that Dispute.
 - .2 any Dispute Notice issued by the Contractor to the Owner must be sent to:

Project Director,
Town of Drumheller,
702 Premier Way,
Drumheller, Alberta T0J 0Y0
 - .3 within 30 days from the receipt of the Dispute Notice, officials designated by the Owner and the Contractor will meet (the "**Settlement Meeting**") at a mutually acceptable time and place to make all reasonable efforts to attempt to resolve the Dispute (all negotiations held pursuant to the Settlement Meeting are to be held on a without prejudice basis and will not be used by either party as evidence at any other proceeding); and
 - .4 if the Settlement Meeting does not result in resolution of the Dispute, either party may refer the Dispute to a court of law of competent jurisdiction.

10.4 Obligations to and Claims of Third Parties

- .1 The Contractor shall, with respect to lawful obligations of and lawful claims against the Contractor or any Subcontractor arising from the Contract:
 - .1 discharge such obligations of and satisfy such claims against the Contractor, and
 - .2 ensure the discharge of such obligations of and the satisfaction of such claims against Subcontractors.
- .2 The Contractor shall, when requested by the Owner, make a statutory declaration deposing to the existence and condition of any obligations and claims referred to in clause 10.4.1.
- .3 If a third party sends written notice to the Owner of an undischarged obligation or unsatisfied claim referred to in clause 10.4.1, the Owner may, 30 days after giving written notice to the Contractor, and surety where applicable,:
 - .1 pay any amount that is due and payable to the Contractor pursuant to the Contract directly to the obligees of and the claimants against the Contractor or the Subcontractor, and
 - .2 where security for payment of claims has been provided in the form of a security deposit, the Owner may deduct such amount from the security deposit, or
 - .3 where a security deposit has not been provided or insufficient monies are available in the security deposit, the Owner may deduct such amount, or portion thereof, from the amount payable to the Contractor under the Contract.
- .4 Clause 10.4.3 shall apply only when written notice of the obligation or claim is sent to Owner not later than 45 days after the last day on which the labour, equipment, material or services giving rise to such obligation or claim were provided.

11. RELEASE FROM PERFORMANCE

- 11.1 **Frustration:** If any circumstance outside the control of both the Owner and the Contractor arises after the award of the Contract which renders it impossible or unlawful for either party to fulfill his contractual obligations, then the Owner or the Contractor may terminate the Contract by giving notice to the other party and, upon such notice, the Contract shall, except as to the rights of the parties under this clause and to the operation of clause 15., terminate, but without prejudice to the rights of either party in respect of any antecedent breach thereof.
- 11.2 **Removal of Construction Equipment on Termination:** If the Contract is terminated pursuant to clause 11.1, the Contractor shall remove from the Site all Construction Equipment.
- 11.3 **Payment if Contract Terminated**
 - .1 If the Contract is terminated pursuant to clause 11.1, the Contractor shall be paid by the Owner, insofar as such amounts or items have not already been covered by payments on account made to the Contractor, for all Work executed prior to the date of termination at the rates and prices provided in the Contract and in addition:

- .1 the cost of Products reasonably ordered for the Work which have been delivered in acceptable condition to the Contractor or of which the Contractor is liable to accept delivery, such Products becoming the property of the Owner upon such payments being made by him,
- .2 the amount of any expenditure reasonably incurred by the Contractor in the expectation of completing the whole of the Work insofar as such expenditure has not been covered by any other payments referred to in this clause,
- .3 such proportion of the cost as may be reasonable, taking into account payments made or to be made for work executed, for removal of Construction Equipment under clause 11.2.

provided that against any payment due from the Owner under this clause, the Owner shall be credited with any amounts which, at the date of termination, were recoverable by the Owner from the Contractor.

- .2 Any amount payable under this clause shall be determined by the Owner.

12. SUSPENSION AND TERMINATION BY OWNER

12.1 Suspension of Work

- .1 The Contractor shall, on the instructions of the Owner, suspend the progress of the Work or any part thereof for such time and in such manner as the Owner may consider necessary and shall, during such suspension, properly protect and secure the Work or such part thereof so far as is necessary in the opinion of the Owner. Clause 12.2 shall apply unless such suspension is
 - .1 otherwise provided for in the Contract, or
 - .2 necessary by reason of some default of or breach of contract by the Contractor or for which he is responsible, or
 - .3 necessary by reason of normal weather conditions on the Site, or
 - .4 necessary for the proper execution of the Work or for the safety of the Work or any part thereof, except to the extent that such necessity arises from any act or default by the Owner,

in which case such suspension shall be at the Contractor's expense.

12.2 Owner's Determination Following Suspension

- .1 Where, pursuant to clause 12.1, this clause applies the Owner shall determine
 - .1 any extension of time to which the Contractor is entitled under clause 6.4, and
 - .2 the amount, which shall be added to the Contract Price, in respect of the cost incurred by the Contractor by reason of such suspension.

- 12.3 **Suspension Lasting More Than 91 Days:** If the progress of the Work or any part thereof is suspended on the written instructions of the Owner and if permission to resume work is not given by the Owner within a period of 91 days after the date of suspension then, unless such suspension is the Contractor's

responsibility pursuant to clauses 12.1.1.1 to 12.1.1.4, the Contractor may give notice to the Owner requesting permission, within 28 days from the receipt thereof, to proceed with the Work or that part thereof in regard to which progress is suspended. If, within such time, such permission is not granted, the Contractor may elect to treat the suspension, where it affects only part of the Work, as an omission of such part under clause 8.1 by giving a further notice to the Owner to that effect, or, where it affects the whole of the Work, treat the suspension as an event of default by the Owner and terminate the Contract in accordance with the provisions of clause 14., in which case the provisions of clauses 14.2 and 14.3 shall apply.

12.4 Termination of Contract

- .1 The Owner may terminate the Contract at any time by giving a notice of termination to the Contractor. When such a notice is received by the Contractor he shall, subject to the provisions of such notice, forthwith cease all operations in performance of the Contract.
- .2 If the Owner terminates the Contract pursuant to clause 12.4.1 the Owner shall be under the same obligations to the Contractor in regard to payment as if the Contract had been terminated under the provisions of clause 14..

13. DEFAULT OF CONTRACTOR

13.1 Default

- .1 If the Contractor:
 - .1 is deemed by law unable to pay his debts as they fall due, or becomes insolvent, or
 - .2 enters into voluntary or involuntary bankruptcy, liquidation or dissolution (other than a voluntary liquidation for the purposes of amalgamation or reconstruction), or
 - .3 if any act is done or event occurs with respect to the Contractor or his assets which, under any applicable law, has a similar effect to any of the foregoing, or if he
 - .4 has contravened clause 2.1, or
 - .5 has repudiated the Contract,then the Owner may, upon written notice, enter upon the Site and the Work and immediately terminate the Contractor's right to continue with the Work.
- .2 If the Owner determines, that, in his opinion, the Contractor without reasonable excuse:
 - .1 has failed to commence and proceed with the Work or any part thereof in accordance the provisions of the Contract, or
 - .2 has failed to comply with a notice issued pursuant to clause 6.7 or an instruction issued pursuant to clause 6.12 within 14 days after receiving it, or
 - .3 despite previous warning from the Owner, in writing, is otherwise persistently or flagrantly neglecting to comply with any of his obligations under the Contract, or

- .4 has contravened clause 2.2, or
- .5 has failed to attain Substantial Performance of the Work or part or parts of the Work within the Contract Time or Times pursuant to clause 6.3,

then the Owner may, after giving 14 days notice to the Contractor, and unless the Contractor has within such period remedied the default, enter upon the Site and the Work and terminate the Contractor's right to continue with the Work in whole or in part.

- .3 If the Owner terminates the Contractor's right to continue with the Work, in whole or in part, pursuant to clause 13.1.1 or clause 13.1.2, such termination shall not release the Contractor from any of his obligations or liabilities under the Contract, and shall not affect the rights and authorities conferred on the Owner by the Contract, and the Owner may complete the Work or part thereof, or may contract with any Other Contractor to complete the Work or part thereof. The Owner or such Other Contractor may use for such completion so much of the Construction Equipment, Temporary Work and Products as he or they may think proper.

13.2 Valuation at Date of Termination

- .1 The Owner shall, as soon as practicable after any entry and termination by the Owner pursuant to clause 13.1, determine:
 - .1 what amount (if any) had, at the time of such entry and termination, been reasonably earned by or would reasonably accrue to the Contractor in respect of work then actually done by him under the Contract, and
 - .2 the value of any unused or partially used Products, any Construction Equipment and any Temporary Work.

- 13.3 **Payment After Termination:** If the Owner terminates the Contractor's right to continue with the Work in whole or in part under clause 13.1, he shall not be liable to pay to the Contractor any further amount in respect of the Contract until the expiration of the warranty period and thereafter until the costs of execution, completion and remedying of any defects, damages for delay in completion (if any) and all other expenses incurred by the Owner have been determined. The Contractor shall then be entitled to receive only such sum (if any) as the Owner may determine would have been payable to him upon due completion by him after deducting the said amount. If such amount exceeds the sum which would have been payable to the Contractor on due completion by him, then the Contractor shall, upon demand, pay to the Owner the amount of such excess and it shall be deemed a debt due by the Contractor to the Owner and shall be recoverable accordingly.

- 13.4 **Assignment of Benefit of Agreement:** The Contractor shall, if so instructed by the Owner within 14 days of the entry and termination referred to in clause 13.1, assign to the Owner the benefit of any agreement for the supply of any goods or materials or services and/or for the execution of any work for the purposes of the Contract, which the Contractor may have entered into.

14. DEFAULT OF OWNER

- 14.1 **Failure of Owner to Pay:** If the Owner fails to pay to the Contractor any amount due under the Contract within 28 days after the expiry of the time stated in the Payment Conditions within which payment is to be made, the Contractor may terminate the Contract by giving notice to the Owner. Such termination shall take effect 14 days after the giving of such notice unless payment is received within such period.

- 14.2 **Removal of Construction Equipment:** Upon the termination of the Contract referred to in clause 14.1, the Contractor shall remove promptly from the Site all Construction Equipment.

- 14.3 **Payment on Termination:** In the event of termination pursuant to clause 14.1 the Owner shall be under the same obligations to the Contractor in regard to payment as if the Contract had been terminated under the provisions of clause 11., but, in addition to the payments specified in clause 11.3, the Owner shall pay to the Contractor the amount of any loss or damage, including reasonable profit, to the Contractor directly arising out of or in connection with or by consequence of such termination.

14.4 Contractor May Suspend Work

- .1 As an alternative to termination under clause 14.1 but without prejudice to the Contractor's entitlement to terminate under clause 14.1, the Contractor may, after giving 14 days' prior notice to the Owner, suspend work or reduce the rate of work.
- .2 If the Contractor suspends or reduces the rate of work pursuant to clause 14.4.1 and thereby suffers delay or incurs cost the Owner shall determine
 - .1 any extension of time to which the Contractor is entitled under clause 6.4, and
 - .2 the amount of such costs, which shall be added to the Contract Price.

- 14.5 **Resumption of Work:** When the Contractor suspends work or reduces the rate of work pursuant to clause 14.4.1 and the Owner subsequently pays the amount due, the Contractor's entitlement under clause 14.1 shall, if notice of termination has not been given, lapse and the Contractor shall resume normal working as soon as is reasonably possible.

15. FORCE MAJEURE

15.1 Force Majeure Event:

- .1 If a Force Majeure Event occurs then notwithstanding any other provision of this Contract:
 - .1 To the extent that and for so long as either Party is prevented by the Force Majeure Event from performing any obligation under this Contract, that Party is relieved from liability due to its inability to perform or delay in performing that obligation; and
 - .2 If the Force Majeure Event wholly or substantially prevents the Contractor from proceeding with the Work then the times by which the Contractor shall obtain Substantial Performance of the Work or Total Performance

- of the Work as applicable shall be adjusted for the period of the Force Majeure Event.
- .2 Upon either Party becoming aware of the occurrence of a Force Majeure Event that prevents that Party from performing any obligation under this Contract, that Party shall in a timely manner give the other Party notice of the Force Majeure Event, including reasonable details of the anticipated effects on performance of this Contract, and thereafter the Contractor shall, on an ongoing basis, notify the Owner of its plans for remedying or mitigating the effects of the Force Majeure Event.

- .3 If the Contractor anticipates that the Force Majeure Event will delay the times by which the Contractor shall obtain Substantial Performance of the Work or Total Performance of the Work as applicable, but is of the opinion the delay can be avoided or mitigated through extraordinary measures, the Contractor may propose to the Owner that such extraordinary measures be taken by the Contractor at the Owner's expense.
